

# AGENTS *in* ACTION

SHARING OF OUR TIME & TALENTS IN  
THE **COMMUNITIES** IN WHICH WE LIVE

Jon Sanderson- Loan Originator NMLS: 316490

## OUR MISSION

**Agents in Action** was created to give Realtors and real estate professionals the opportunity to:

- Serve meaningful non-profits in our local communities
- Experience different causes through hands-on volunteering
- Discover organizations and missions they may grow passionate about
- Build genuine relationships with like-minded professionals

By hosting volunteer opportunities at various locations throughout the year, our goal is to **expose participants to a wide range of community needs** — allowing each person to find where they feel most called to invest their time and talents.

## WHY AGENTS IN ACTION MATTERS

### Community Impact

Every event directly supports a local non-profit and the people they serve.

### Purposeful Giving

We believe service is most powerful when it's personal. Exposure leads to passion—and passion leads to sustained impact.

### Professional Fellowship

Agents in Action creates space for meaningful connection among real estate professionals who share a heart for giving back.

### Community Promotion

Participants are encouraged to share their involvement on social media— to highlight the importance of community service and inspire others to get involved.

## MORE THAN VOLUNTEER EVENT

**Our hope is that through Agents in Action:**

- Friendships are formed
- Partnerships grow naturally
- Service becomes a shared value in the real estate community
- Giving back becomes a regular part of professional life

## THANK YOU

**Thank you for showing up!**

**Thank you for serving!**

**Thank you for being part of Agents in Action!**

**Together, we can make a lasting difference — one act of service at a time.**
